Lexmark™

Workflow smoothing solutions and flexibility

Bridge the gap between your paper documents and software systems with fully-configurable device-based apps. The built in productivity solutions future-proof your investment.

Standard device based apps shipping with this series include**:

AccuRead OCR

In less time than it takes to enter data manually, your organization can create searchable files or editable content using the included AccuRead OCR. Other vendors charge extra for this critical capability.

Scan Center

One app to send your scanned documents to multiple destinations simultaneously with optional delivery confirmations.

See the possibilities with our intuitive interface

Minimize the need for training with the familiar, modern, tablet-like capabilities of our eTask interface on a bright 7-inch class color touch screen. Use swipe and touch gestures to navigate the intuitive interface to access convenient features, including:

- ‣ Preview your entire print job
- ‣ Print Microsoft Office and other file types from USB or mobile devices
- ‣ Customize shortcuts and bookmarks
- ‣ Realize your return on investment with true integration
- ‣ Access corporate address book for quick document routing
- ‣ Enable user tracking, accounting and permissions for cost and print management

Forms and Favorites

Keep frequently used forms and documents easy to access and save money by eliminating preprinted forms.

Card Copy

Capture both sides of ID/credit cards, print on one side of paper and save to a network folder.

Address Book

Manage the device's internally stored user data, contacts and scan destinations from the e-Task touch screen or the embedded web server.

** Additional device-based apps may ship with the device and additional apps can be added.
